

DELIVERING TRAINING SOLUTIONS DIRECTLY TO YOUR SITE!

Comprehensive Training Programs

Strategic partnerships are key to bringing assessment, training, and screening solutions to our customers. Pinnacle's course catalog includes licensed content from industry leaders including Houston Area Safety Council, PureSafety, M. Lee Publishers, The National Center for Construction, Education and Research (NCCER) and more.

Our training and assessment program offerings include:

- Safety, Health and Environmental Training
- DOT Pipeline Operator Qualification
- Hazwoper
- NCCER Assessments
- Craft Training
- OSHA 10-hour
- Basic Orientation Plus
- SafeLand USA
- Personal Development

State-of-the-Art Mobile Training Unit

"We travel so you don't have to..."

Our fully equipped, 53' training unit is dispatched to your site, creating a cost-effective solution to your training, assessment and workforce development requirements. We offer both instructor led and computer based, multi-media courses with mobile training for new products, services or computer programs and systems.

Choose from Pinnacle's extensive course catalog for your next on-site classes, in the comfort of our mobile training unit equipped with:

- 50 workstations
- Latest computers and software
- Rest room
- Waiting room area
- Air conditioning and heat
- Generator

Medical Services

- Health Screening
- First Aid
- Drug Testing

Professional and Personalized Service

- Skilled developers work with you to create a training program specific to your company's requirements.
- Course content and curriculum development for computer based and instructor led courses
- Centralized recordkeeping and reporting
- Reciprocity of training credentials among employers
- Single point-of-audit
- Online compliance management tools

At Pinnacle Services, every client has a single point-of-contact, serving as your expert-in-residence advocate and project manager. We believe this system is easier, simpler and more effective. Your *Specialty Manager* oversees the project from beginning to end, and keeps you *in the loop* during the entire process.
